AGENDA:

Sewer and storm line work will resume in the Lower Beacon and Monmouth Street areas in Spring 2012. The challenges inherent to the sewer separation work will be presented. We also want to hear directly from residents and businesses, with both questions and concerns. The meeting format will include an overall project presentation from the Town Administrator, Department of Public Works, Assessors Department, and Planning & Community Development. Time will also be dedicated to a Q&A session.

The Engineering Division maintains a current project web site, whose direct link can be found under both "Latest News" (right column) and "DPW Projects" (Main Menu, bottom left) at the Town of Brookline website: <http://www.brooklinema.gov>. Should you have immediate concerns, please contact Bill Smith at wsmith@brooklinema.gov or at (617) 264-6480.

Public Meetings will be listed on the Town's "Calendar," a pull-down menu option at the Brookline home page.
